group

OPENING WORDS

The 56th Annual Scientific Meeting of the European Society for Paediatric Nephrology (ESPN) which will be held in Valencia from 23 to 27 September 2024, offers our industry partners several opportunities to reach a wide international audience working in the field of Paediatric Nephrology. We expect delegates from all over Europe as well as adjacent regions like North Africa and the Middle-East. **The last congress**, the 55th ESPN held in Vilnius in September 2023, attracted **over 800 attendees** .

Starting from 2024, we have the pleasure to give to Companies the additional great chance to become an **ESPN CORPORATE PARTNER**, with a powerful commitment as significant associate for the Society and the Annual Meeting.

We also maintained a broad spectrum of sponsorship opportunities reserved exclusively to the Annual Meeting, for those sponsors which prefer to support only the Congress.

VALENCIA,
THE CITY OF ART
AND
SCIENCES

THE CITY

Valencia is a city full of surprises, the city of Arts and Sciences. Those who come for business, return for pleasure. The range of attractions on offer in Valencia make it an unexpectedly stunning destination for celebrating any type of event.

The exceptional climate is an invitation to enjoy the historical, sporting and cultural attractions around the city, or the recreational area around the former course of the Turia river, after the event. An impressive city which present a beautiful mixture of ancient (romanesque -baroque-gothic style) with modern architecture.

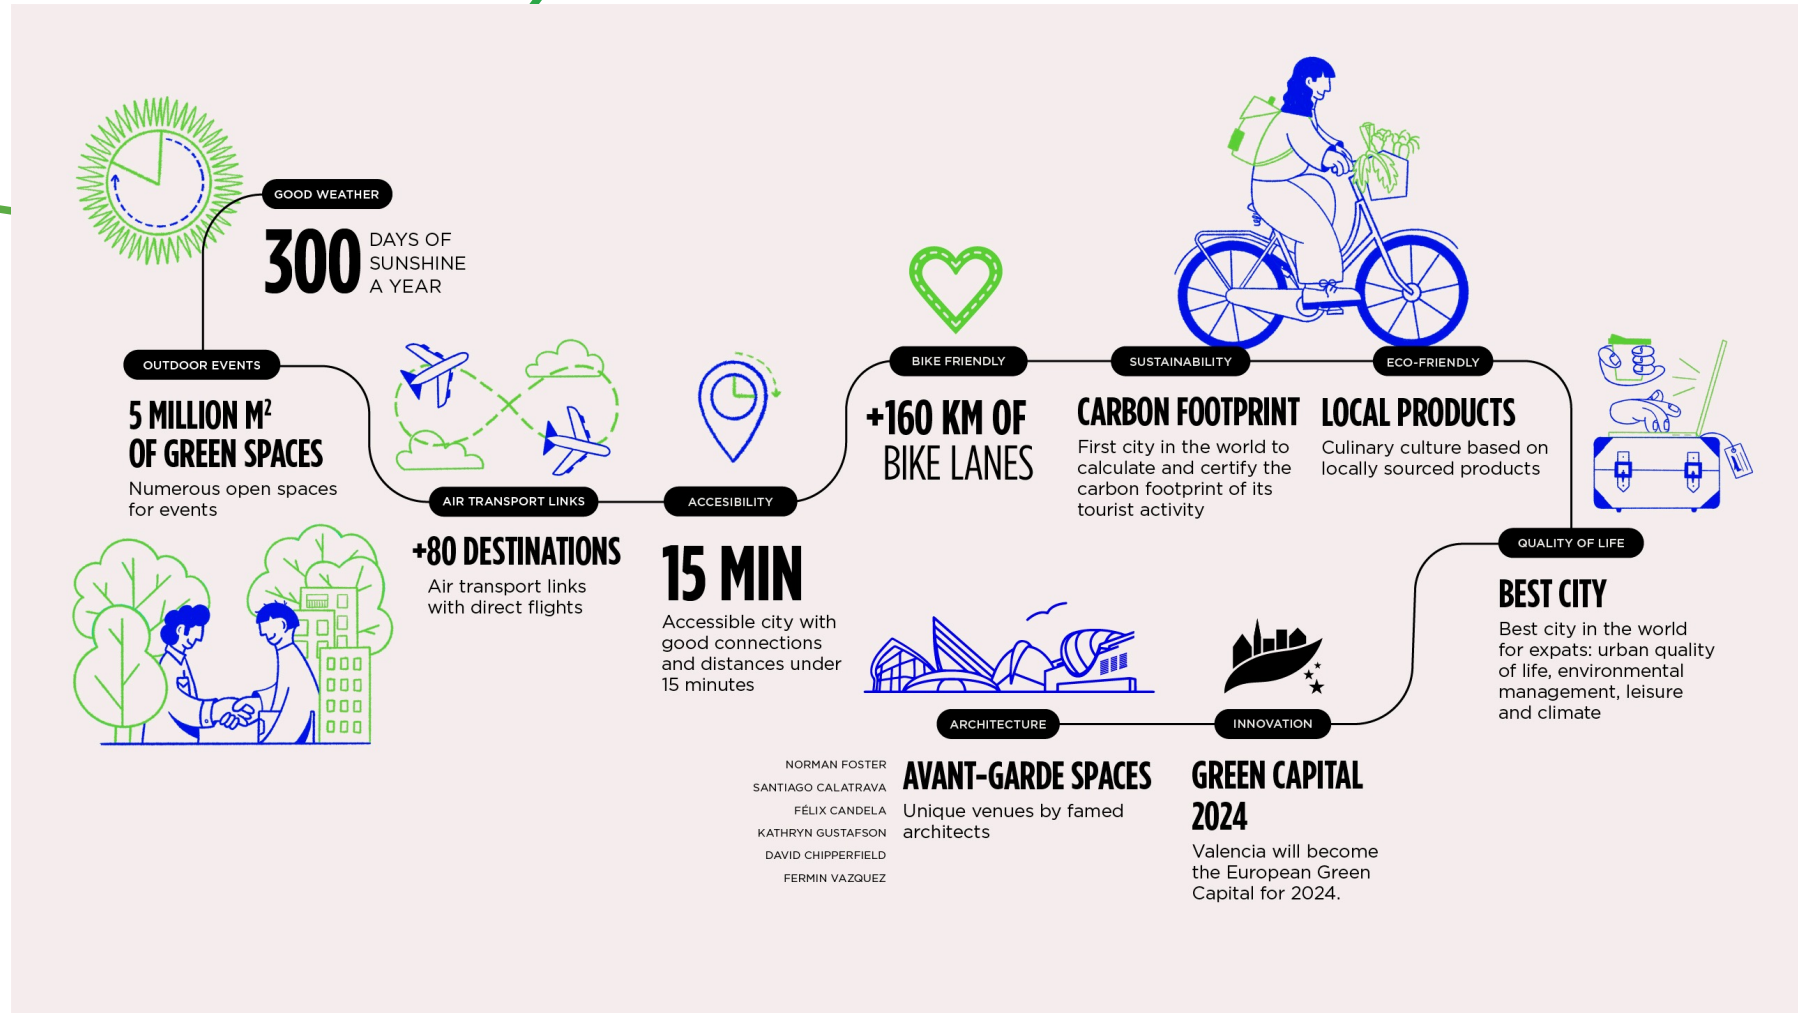

Being able to walk safely through the surrounding areas at any time of the day or move around the city by bike or bus makes Valencia a welcoming and captivating destination. Exemplary hotels and impressive venues adaptable to any event are what makes Valencia different.

ESPN 2024

CORPORATE PARTNERSHIP
OPPORTUNITIES

ESPN Corporate Partnership

The ESPN is the main scientific society for Paediatric Nephrologists across Europe, with over 750 active members and more than 2,500 contacts working in the field of pediatric nephrology as clinicians, faculty members, researchers, or trainees from around the globe.

As part of our mission, **we have developed plans to stimulate collaborative research.** In particular, ESPN has established six working groups covering all topics of pediatric nephrology. Within these groups, in addition to **scientific projects, clinical practice guidelines and educational activities are carried out,** with total annual financial support of approximately € 40,000.

To support scientific activities throughout Europe, ESPN offers various research grants to 60,000 Euro per year. Every year the call for applications is sent out in the spring; these are evaluated by an independent committee and results are announced at the yearly ESPN congress. Once completed, results of projects that have been funded by the ESPN will be presented at ESPN meetings and all research outputs (posters, oral communications, publications) will acknowledge the ESPN support. **TO CONTINUE THIS PROGRAM, SUPPORT FROM INDUSTRY IS OF PARAMOUNT IMPORTANCE.**

Cooperate partnership contracts are usually valid for 3 years. Short term partnerships can also be considered. Of course, we are open for any individual requests regarding specific projects.

For further information please contact the ESPN treasurer (j.oh@uke.de).

56TH ESPN ANNUAL MEETING SCIENTIFIC OPPORTUNITIES

To promote active participation of junior faculty members we propose that a young nephrologist gives a brief presentation of a clinical case related to the topic of discussion. This will be coordinated and strictly supervised by the senior Professor selected by the Industry sponsors for their symposium. In this way educational activities will also be actively promoted by our Industry partners and attendance at all the Industry events will increase.

INDUSTRY LUNCH* SYMPOSIUM (60min)

25,000 EUR

Subject to agreement by the Scientific Committee. Sponsor's banners are permitted inside and outside the room. The Industry lunch time symposium includes speakers' registration, rental fee of the meeting room, basic AV, session agenda in the congress final program and on the congress website, dedicated EMAIL BLAST to promote Industry Symposia.

All presentations for this symposium will be carefully screened and subject to agreement by the Scientific Committee.

Please note that faculty/Speakers' management (honorarium, travel expenses and hotel accommodation) will be the responsibility of the purchasing company.

Special requests in terms of set-up, hostess assistance, technical equipment and services, should be sent to sponsorESPN@oic.it by March 2024

*Lunch Boxes must be provided but are not included in the symposium fee - to be quoted according to the assigned room capacity. This will be responsibility of the purchasing company. OIC will send to the sponsor company the box lunches lists and prices. It will be specified "With compliments of + Sponsor company name". Please contact sponsorESPN@oic.it by March 2024 to receive the quote.

56TH ESPN ANNUAL MEETING SCIENTIFIC OPPORTUNITIES

INNOVATION IN PEDIATRIC NEPHROLOGY (8-10 min)

11,500 EUR

This exciting new symposium dedicated to the discussion of innovative treatments gives to start-ups and 'young' companies, an opportunity to introduce their medications or devices to the scientific community.

The session will be held in the main conference hall as part of the scientific program and will be strictly moderated by senior nephrologists.

All presentations for this symposium will be carefully screened and subject to agreement by the Scientific Committee.

KEYNOTE SPEECH CORNER

8,500 EUR

During breaks you can invite delegates to participate in a short interview on a selected Key Opinion Leader for promotional purposes. Recommended duration 10 min. This interesting opportunity of sponsorship will be organized at the **e-posters boards corners**, and it includes: AV and technical assistance, a newsletter message that the organizing secretariat will send to all delegates to invite them to assist the speech (the newsletter content will be created or will create the sponsor company)

JUNIOR MASTERCLASS UNRESTRICTED EDUCATIONAL SUPPORT

15,000 EUR

Unrestricted educational support to 2nd IPNA-ESPN Junior Masterclass

WEBCASTS OF YOUR SYMPOSIUM

upon request

As an additional item, both the breakfast and lunch symposia can be presented online to reach an even larger audience.
