

ESPN Congress 2024 Valencia - Guidance for Oral Presentations

During the ESPN Congress in Valencia, a select number of top-scoring abstracts in each category were chosen for full oral presentations. You can find below the exact timing of your presentation:

Please find [here](#) the link to the full program.

The Oral Presentations will be organised as follows:

- Oral Presentations will be integrated into the general conference program (e.g. as part of Plenary lecture symposia or during Oral Communications session) to ensure good attendance and interaction between junior and senior ESPN members.
- Presenters will have 7 minutes to present their work and will be limited to a maximum of 8 slides including the title slide.
- There will be 3-min time for questions after each presentation.
- Strict adherence to time limitations and schedule will be mandatory. The session Chairs will be stopping people who run over time.
- Please be present in the front of the meeting room 5 min before your presentation for not losing time when your talk is announced.

We look forward to welcoming you and hearing your presentations at ESPN 2024 in Valencia!
